Mr. Abdullah Butt
Chief Executive Officer
EDUCAST (Pvt.) LTD
Karachi

Sub: **Letter of Intent for providing teacher training and certification for EDUCAST
'Educated Home Based Women Virtual Tutoring Project'**

Dear Sir, with reference to our ongoing discussions regarding utilizing the services of LearnTech.pk teacher training towards EDUCAST programs, and looking at the said project, I as Founder and Director Educational Technology and Training of LearnTech.pk, is sending EDUCAST letter of intent to work for the above stated project.

At this juncture it is essential for EDUCAST to know the vision and work of LearnTech.pk. It is among the first organizations of Pakistan that provides professional development and consultancy services to educational institutions in particular and other corporations empowering them to transform the way they learn and work by integrating technology in their respective every day routines which aims to transform and revolutionize the concept of learning to meet 21st century demands. LearnTech.pk offers a unique blend of services using technological innovations allowing on one hand the customers to keep intact their rich contextual realities yet gear them with tools ensuring that they meet global standards. These customized solutions ensure that whoever approaches LearnTech.pk will find creative ways to be the best in the market. LearnTech.pk will ensure to reach clients not only in urban settlements but in semi urban and remote settings.

We are equally proud of our success which is LearnTech.pk is certified to function as a;

- Microsoft Authorized Education Partner and
- Authorized centre for Learning Resource Network (LRN), who is accredited as an Awarding Body by the Office of Qualifications and Examinations Regulation (OFQUAL) in the United Kingdom to deliver its:
 - Teaching English: English Language Teaching and Assessment (ELTA) Qualifications

LearnTech.pkTM
Redefining Learning

www.learntech.pk

online.learntech.pk

- Learn English: International ESOL (listening, speaking, reading and writing) Qualifications from CEFR level A1 to C2
- Level 3 Certificate In Business Management
- Level 3 Certificate in Islamic Finance
- Level 3 Award in European Community Development
- Level 3 Certificate in Education and Training
- Business English Language Test (BELT) from CEFR level B1 to C2
- The first ever Teachnology™ Specialization Certificate Course – An Educational Technology Certification courses, internationally endorsed
- Teaching Essential Certificate Course™ - A comprehensive in-service training program to make your professional teachers (available online, face to face and On-site), internationally endorsed.

We will be happy to provide our training services towards implementation for the above said project, using ICT for the development of Pakistani women tutoring them to develop as educated and talented citizens. This will empower these home based women as Virtual tutors ensuring to contribute towards substantial upliftment of society. These women will definitely become a rich pool of new IT assisted and trained female home tutors to take the program to further heights.

LearnTech.pk will be happy to participate in the implementation for the said project, please do let us know once your proposal with National ICT Fund is materialized, so we can start working on designing the targeted training programs.

Regards

Nur Ali Tejani
Founder
Director Educational Technology and Training
