EDUCAST

2<sup>nd</sup> Jan 2017

Dear Mr Butt, Let me have the pleasure of congratulating **Educast** on a successful Pilot of Virtual Tutoring into Saudi Arabia earlier this year.

On behalf of Friends of Pakistan we would like to provide our support and commitment towards your proposed project for Marketing the Virtual Tutoring services in United States of America and Canada through your new Tutoring services of Pakistani Female tutors.

Being at the helm of Pakistani community affairs for the last 15 years and being organizers for leading Pakistani based events and exhibition with entire California Sate, this is for the fact that with in the North American society the third generation of Expat Pakistani's have started loosing their identity, this is quite worrisome for parents and families.

With your project, you can bring a relief to these suffering parents, by providing regional language tutoring, teaching Pakistani culture, Social studies, Islamic Culture. These type of Online Tutoring will be welcomed by a large Pakistani diaspora.

Friends of Pakistan will extend all its support and help to promote the project and to work hands in hand with EDUCAST.

Pl consider this letter as confirmation of our commitment towards you project, which we feel will benefit everyone, especially will benefit the pains in which our Pakistani brothers and sisters are going through during the process of seeking private tuitions for their children in the North America and spending fortune on paying foreign tutors. Looking forward in working with EDUCAST, pl let us know the next step. Regards

Sarfaraz Khan
